There are 42441 words in the dataset for the plot titled 'Wordcloud of names in code'.

A word cloud visualization of Java-related terms. The words are arranged in a dense, overlapping manner, with colors ranging from dark blue to light yellow. The words are of various sizes, with larger words indicating higher frequency or importance. The overall shape is roughly rectangular, with the words filling the space from top to bottom and left to right. The words are in a sans-serif font, and the colors are primarily shades of blue, green, and yellow, with some darker blue and black accents.

	word	frequency
0	Mateusz Nowak	506
1	Steven van Beelen	4357
2	Allard Buijze	3156
3	Mitchell Herrijgers	438
