Days since last file modification per directory (ranked)

Rank of days since last file modification

react-router-6.29.0

Filecount per commit

Shows how many commits had changed one file, how many had changed two files, and so on. The chart is limited to 30 lines for improved readability. The data preview also includes overall statistics including the number of commits that are filtered out in the chart.

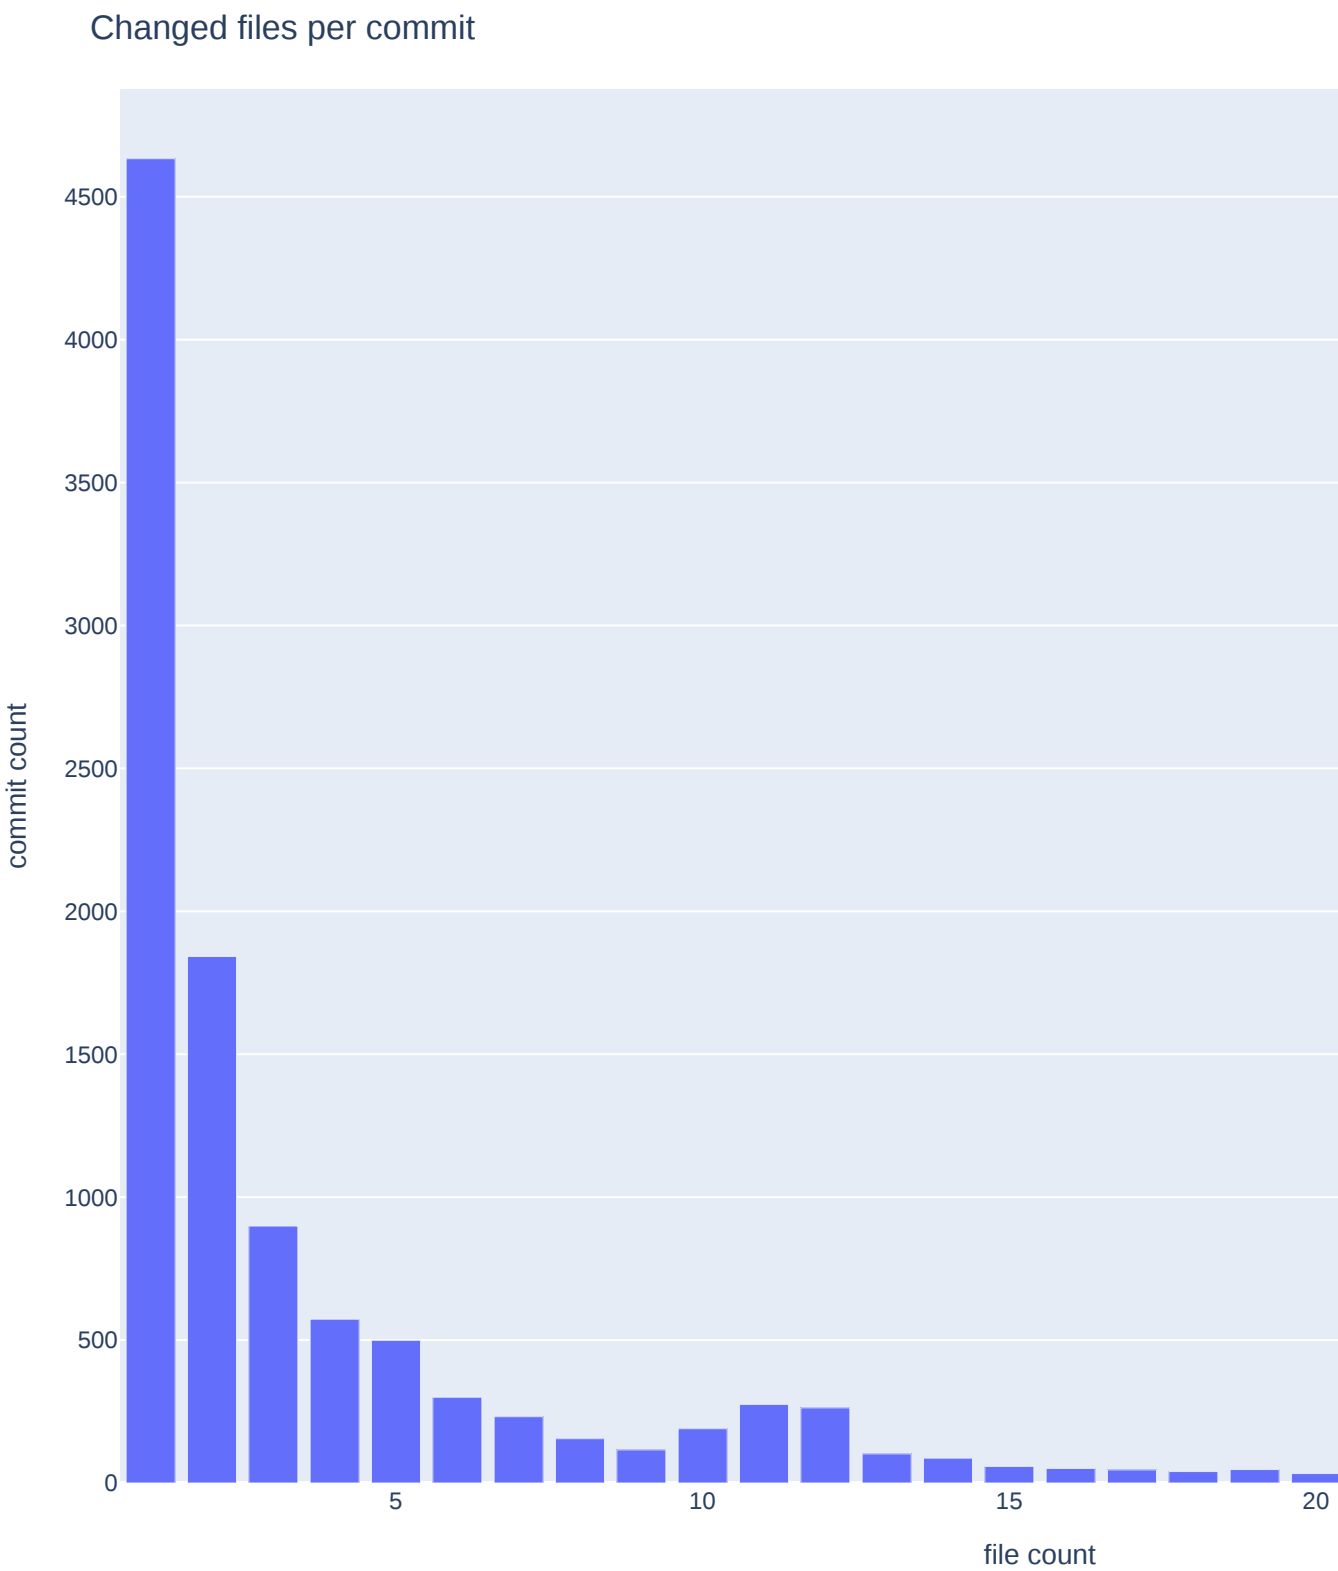

Preview data

Sum of commits that changed more than 30 files (each) = 462
